

CASE STUDY: Community-owned energy project

What is it?

- The Abergwaun Community Turbine, owned by Transition Bro Gwaun, has been running since 2015, generating enough electricity to power about 150 homes annually.

Impact

- In 2022, Transition Bro Gwaun launched the Community Climate Fund, which is supported by profits from the turbine.
- By May 2024, the fund had awarded £76,036 to local projects addressing the climate and nature crisis. A full list of projects funded can be found [here](#)
